

# Playbus Projects

NEWSLETTER 4

## Play/Youth Buses

Youth buses are a stylish, modern approach in helping young adults find a place of sanctuary, socialise with friends or obtain educational information.

With the increasing government interest in funding such projects this newsletter aims to provide a taster of what can be achieved with a minimum amount of space.

## Bar 'n' bus

## Serving Area

Refreshments and a seating area will give the young adults somewhere to relax and talk. The facilities in the serving area could be very basic or you could have all the 'mod cons'.

## TV/Computer Area

Computers and play stations are always popular with the children and teenagers. With the wide variety of educational videos and DVD's there are lots of ways to learn while having a bit of fun as well.

## Customer Quote

*"Even from the early stages and right the way through to the completion of this project we have always found Coachbuild Quality approachable, helpful and entirely reliable. I can honestly say at no time have we felt un-happy with their work and feel this has been a tremendous success."*

Bar 'n' bus Trust - Rod Maycock (Project Director)
