Put a smile on somebody's face with some new graphics

## New Kid on the Block

Do you feel your bus needs a new image? Children are getting bored with the old bus? Here are a few ideas for you to ponder over. Changing the shape of the windows from rectangle to arched or round dramatically alters the whole appearance of the bus. Vinyl graphics are the cheapest and most effective way of getting that WOW! impact. Just see what was possible with the Handsworth Community Bus.

### Customer Comment

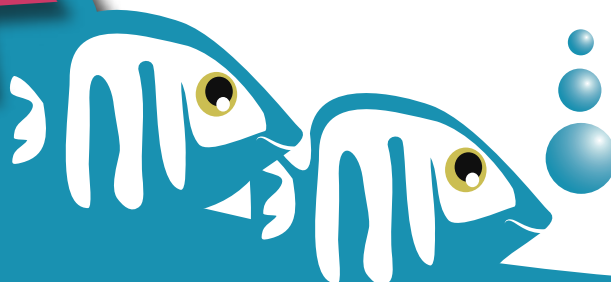

*"Coachbuild Quality has been an excellent team to work with. The exterior design is fabulous and has proved to be a great hit with the local community."*
